

ARE YOU GOING TDY, DEPLOYING, OR TRAVELING?

DON'T FORGET ABOUT YOUR PETS!!!

- If you are leaving your pet in someone else's care while you are gone, that person is required to have a Power of Attorney authorizing them to make decisions on your behalf in order for us to provide care to your pet.
- If there are only certain types of care you want the caretaker to make decisions about, that should be stipulated in a Special Power of Attorney. Feel free to ask us what types of care you should consider.
- We will accept General or Special Power of Attorney.
